Interests, Activities, and Awards

Personal Statment: Softball has been an important part of my life for the past 11 years. Pitching became an interest of mine in 2013. At this time, I began working with an instructor for both batting and pitching and joined my first travel team. Since that time I have been involved with many different teams from recreational, travel, all stars, guest playing, and high school. I have enjoyed traveling and experiencing different levels of play. Over the years, my goal has been to improve both defensively and offensively along with enjoying the sport that I have a great passion for. I look forward to continuing to play in college while pursuing a career in medical sciences.
